

# Safe Patient Handling Solutions

MCAULEY MEDICAL, INC.

A MEMBER OF THE SAMARIT GROUP

 **SAMARIT**  
improving patient care  
**Rollbord**

**LIFT  
FREE**

## LATERAL TRANSFER SYSTEM

**Reduce back injuries - Reduce workers comp costs. Our Ambulance model was designed specifically to meet the needs of Emergency Response Professionals.**

**OUR UNIQUE CONVEYOR BELT ACTION** CARRIES THE PATIENT FROM SURFACE TO SURFACE, POWERED ONLY BY A GENTLE "PUSH"

SOFT FOAM CORE,  
NO METAL  
ROLLERS

**Patient rides on a soft, anti-static surface**

Patient is comfortable with far less risk of skin tears, injury, bruising and agitation associated with transfers on slide sheets.

**Rollbord bridges the "Gap"**

Older airflow technology requires a bridge to cover gaps between surfaces. Slide sheet transfers across gaps are painful to the patient. Rollbord automatically bridges the gap and the patient feels nothing.

**Lateral transfer without lifting**

No lifting required, staff back injury is reduced. The result is savings on both workers compensation and insurance.

**Lateral transfer without noise**

Patients are not disturbed, annoyed or frightened by noise associated with airflow systems.

**150,000 Rollbords sold in Europe**

A proven effective and widely accepted product in thousands of hospitals around the world.

**Priced well below other technologies**

You can purchase a Rollbord for every vehicle in your fleet at a tiny fraction of the cost of mechanical devices.

**A two-person patient transfer:**

See short in-service videos on our website.

**Environmentally  
Friendly**

- NO Electricity
- NO Laundry/Detergents required

MCAULEY MEDICAL, INC. • 27 INDUSTRIAL PARK DRIVE, UNIT 6 • CONCORD, NH 03301-8523  
603.227.7287 • FAX: 603.227.7286 • 888.399.7287 • WWW.MCAULEYMEDICAL.COM

## Various sizes available

Rollbord is designed to fit a wide variety of departments and applications throughout your facility.

## Anti-microbial treated material

Infection control helps prevent MRSA and other infectious microbes, and is easily wiped clean.

## No air holes, No Velcro

No place for microbes to hide.

## Folds in half, hangs on wall hook

System is easy to store, takes up little space, and can hang conveniently in every room of your facility.

## Anti-Static Material

**MRI SAFE!**

**Disposable cover sheet** Inexpensive, disposable thin plastic cover protects Rollbord from soiling and provides an additional layer of infection control.
